

Fold My Number

Take a piece of A4 paper and fold it in half, in half again, in half again and in half again for a fourth time.

Open out the paper so you have 16 small rectangles.

Write a single digit into each rectangle randomly.

Eg.

0	8	3	6
4	1	7	7
2	9	4	8
9	5	5	6

Ask question which the children use their own grid to answer.

Can you show me:

- A 2-digit number
- A 2-digit number between 50 and 70
- A 2-digit number less than 50
- A 3-digit number
- A 3 digit number between 200 and 400
- A 3-digit number that is a multiple of 4
- A 3-digit number even number
- A 3-digit number which has a remainder of 1 when divided by 5
