March 2025

## THE LADYBROOK CURRICULUM

Personal, Social, Health Education (PSHE)	Literacy	Mathematics	Religious Education
Science	Design Technology	History	Art and Design
Physical Education	Music	French	Computing
			Geography

This month we focus on Computing in our journey around the curriculum.

Our children are fortunate to have access to chrome books, PCs and ipads as well as robots and devices to develop a range of computing skills. Our scheme is divided between the teaching of **information technology** (the use of computers, storage, networking and other physical devices, infrastructure and processes to create, process, store, secure and exchange all forms of electronic data) and **computer science** (an aspect of the computing curriculum which focuses on programming. The images below show the progression in the programming element of computing.

## Cross Country Success

All of our cross country runners have earned medals this year, including top ten positions for some.

The Year 3/4 Girls' team and Y5/6 Boys' team both got **overall FIRST** places.

It has been a pleasure to watch children running on Saturday mornings, improving each time they race. The Ladybrook running legacy continues.

*Well done, everyone!*

Can I ask that if you still have any kit, please can this be returned to the office asap, thank you.

## *Learning highlights at Ladybrook this month*

- ⇒ *Dentist visit to Nursery and Reception—to talk about the job*
- ⇒ *Y5 Vikings Day*
- ⇒ *World Book Day*
- ⇒ *Comic Relief - 'Break the Rules' day*
